- Continuous hot water
- Energy saving design
- Compact design
- Intelligent electronic controls increase energy efficiency and safety.

Eco-\$mart offers a full line of energy efficient tankless gas water heaters. Rheem tankless water heaters deliver hot water on demand with a digital control system designed for highest safety and lowest energy use. Environmentally friendly Low NOx burners burn clean. Residential and commercial applications include space saving indoor units, weather protected outdoor units, and heavy duty units. Units can be connected to others to operate as one water heater for high demand applications. All models can be linked in up to a 20 unit manifold installation with manifold control.
