Featuring Attractive Eco-Friendly Packaging\*

## Electric Kit

Electric EcoKit™ features our most popular electric savings products, helping to make any household or space that uses energy more efficient.

In addition to our effective, easy-toinstall, eco-friendly products that will help save money on electric bills while saving valued resources, each Electric EcoKit™ includes helpful, everyday tips for energy conservation.

Item#: XSEEK7

We are proud to offer eco-friendly products in environmentally sound packaging made from recycled paperboard and soy-based inks.

### (3) CFL Light Bulbs: (13W, 20W, and 23W, one each) - N0413M

These energy-efficient CFL bulbs last 12,000 hours in their lifetime. Provide lighting equivalent to conventional, incandescent light bulbs while using 78% less electricity.

### (12) Draft Stoppers – (4) Switch Gaskets, (8) Outlet Gaskets - N4013V

This product replaces the empty space behind switch and outlet plates with insulation to prevent drafts.

### Air Filter Whistle - N9150K

Snap this product onto furnace filters to hear a whistle when the filter is full and needs replacement. Cleaning your furnace filter regularly saves energy and money.

### Refrigerator Thermometer - N9173G

Use in the refrigerator or freezer to determine whether settings are energy-efficient. Comes with a magnet and has adhesive backing so it can be mounted virtually anywhere.

### Energy Wheel - N9117

A convenient energy conservation tool, the energy wheel gives users helpful tips on ways to conserve energy every day.

### Lime Light - N1202

This flat plug-in glow-in-the-dark electroluminescent night light uses only 26 cents worth of electricity a year for 100,000 hours in its lifetime!

### Savings\* from Electric EcoKit™

	Annual kWh	Annual Dollars	Lifetime Dollars
Savings from CFL Bulbs	195	\$23	\$207
Savings from Lime Light	12	\$2	\$22
<b>TOTAL ANNUAL SAVINGS</b>	<b>207</b>	<b>\$25</b>	<b>\$229</b>
